

Relative abundance of taxa for COI-Eukaryota in mock communities

COI-Eukaryota Heatmap Species level

Heatmap showing the relationship between 20 different pools and traps. The y-axis lists 20 pools (Poo1-01 to Poo1-20) and the x-axis lists 20 traps (Trap-01 to Trap-20). The color scale ranges from 0 (dark blue) to 1 (red). The heatmap shows a complex pattern of relationships, with many pools having high values (red) across multiple traps, and some traps having high values across multiple pools.
